QUEENSWATER, STEAMERS have been found by experience to be the best type of vessel for shallow river navigation under any conditions of weather, and of these Messrs. Yarrow have built a very large number of successful examples for all parts of the world.

Vessels on this system are constructed when required, to draw as little as 10 inches.

The construction of shallow river vessels, propelled on various systems has been made the speciality of Messrs. YARROW & CO., LTD.

For particulars apply to
